

*I hope everyone had a fabulous Christmas and I want to wish
you all a Happy New Year!*

We will be working on some new techniques this month, they are also great stash busters.

I will also be bringing back UFO/open bead day, which will take place on the last Saturday of every month.

It will run all day 11-5 so pop in at your convenience and get some of those projects off your to-do list.

Please call to reserve your seat for any or all classes. (508) 763-2000

Now to the good stuff!

Bead Embroidery

Wednesday January 5 all day. pop-in at your convenience.

\$35.00 Class and Kit

Bring in your own stash of beads or any embellishments. You will have many cabs
to choose from.

I will supply a kit with backing and beading foundation.

Bead Crochet
Saturday
January 15, 11:00am
\$45.00 class
Teacher, Beverly Rousseau

Join us in this class to learn the basics of bead crochet. You will need to bring in 3 colors of size 8/0 seed beads. I will supply the thread, and hooks will be available for purchase if you don't already have one.

You will start with this basic spiral pattern and in a future class you will learn how to follow a pattern to make a design on your piece.

Loom (**Only 3 seats left**)

Wednesday

January 19 all-day

Loom \$15.99

Class \$30.00

This will be a twist for the new year, let's try some loom work!
We will begin by warping a loom and following a basic loom pattern then how to

finish the ends and adding a clasp. You can bring your own beads, either Delicas, 11/0 seed beads or 8/0 seed beads. Just keep in mind the larger the bead the less dainty the bracelet. I used Delicas in the bracelet pictured.

Open Bead Day

Saturday

January 29

All-day

Bring in those projects that have been on your to do list for the past year, or you can always start something new. Just come in and join the fun and captivating conversation. We always have a great time and you also get to see what others are working on, which may be your next project. Like any of us need another project.

No need to call for this day just pop-in!
