## **Spring is in the air, even though they are predicting snow again on Friday.**

I am bringing some spring projects in this month with color and style.

I have a great new project scheduled. We are going to be working with Polymer Clay and making our own cabochons for a future bead embroidery class.

So take a look at all the classes and please call the store to reserve your seat.

---

Ovalink Bracelet

Design by: Heather Collin

Saturday March 5 @ 11:00 am

Intermediate/Modified Right Angle Weave

\$45.00 class and kit

This is a component based project, you could also make a pair of earrings if you prefer or even a ring. The components are quick and easy and won't take anytime to whip up a few.

L'Amour Necklace  
Advanced Beginner  
Wednesday March 9  
\$45.00 Class and Kit

This class will be taught all day, so pop in when it's convenient for you. I'm here till 7.  
This is also component based and you will learn a weaving technique to complete a chain.

---

### Wired Teardrop Earrings

Beginner

Saturday March 12 @11:00 am

\$30.00 class and kit

We are going to have fun playing with beads and colors with this one. We will be using the famous Bead Soup aka the fish bowl, that everyone has been contributing to for the past 6 years.

So join in the fun and let's get creative!

Polymer Clay Cabochon Class

Beginner

Saturday March 19 @11:00 am

\$35.00 class and kit

Brand new technique where we will learn how to create our own Cabochons for a future Bead Embroidery get together. Kristine will be here teaching us the basics of forming and color blending.

We can continue to have her back to learn more intricate techniques and methods. So join us for this beginner class and who knows, you may find a new craft to complement all your beading knowledge.

---

Ruffle Bracelet

Intermediate

Wednesday March 23

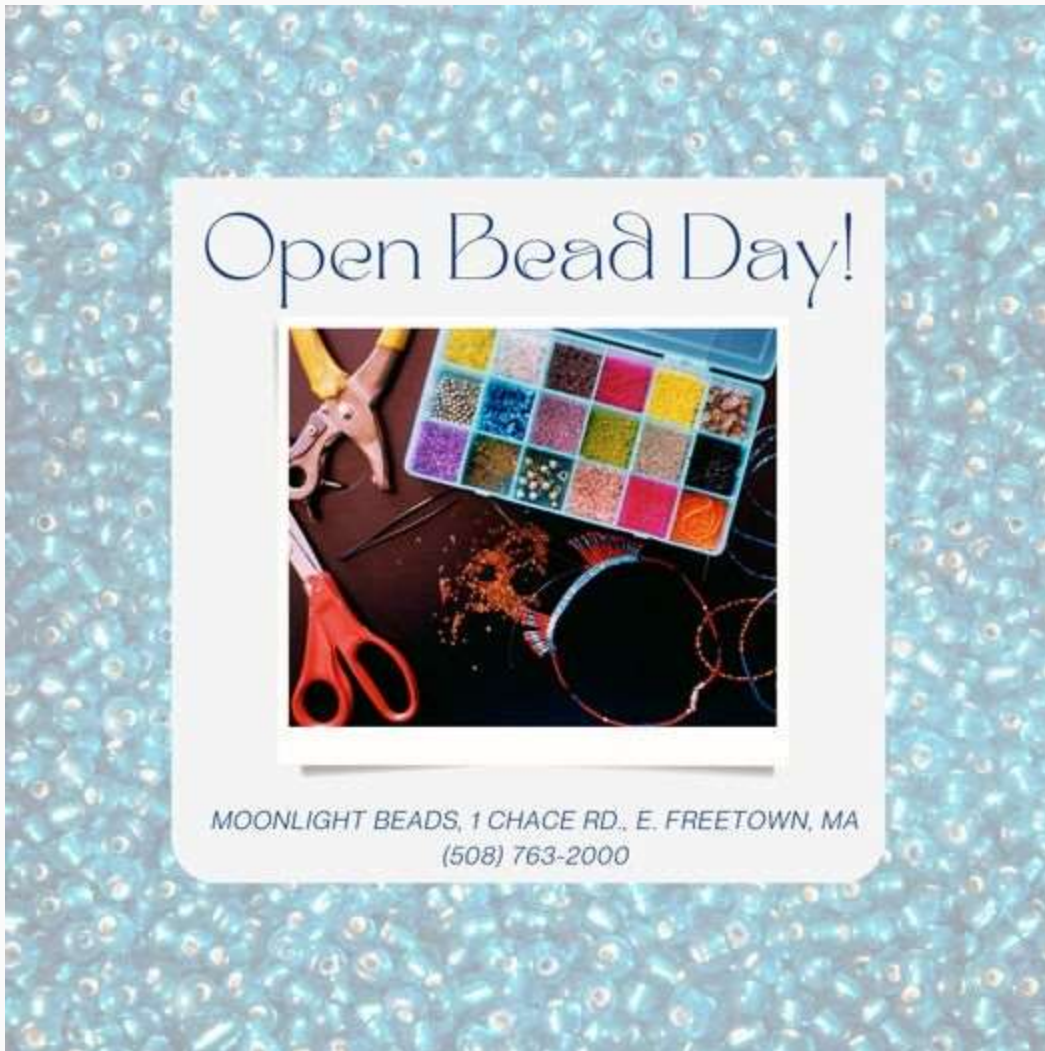

\$40.00 class and kit

All day drop in at your convenience

You begin by constructing a mesh center and then embellish to create this easy to wear bracelet with texture and a little ruffle along the edge.

---

Saturday  
March 26 11-5

Bring in those projects that have been on your to do list for the past year or more, or you can always start something new.

Come on in and join the fun and captivating conversation. We always have a great time and it's always fun to see what others are working on. Who knows, you might find inspiration for your next project!

No need to call ahead, for this day just pop-in!

Enjoy 10% off your purchases for today!
